

ExampleVirt

```
classDiagram
    class ExampleVirt
    class PyExampleVirt
    PyExampleVirt --|> ExampleVirt
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'ExampleVirt' with a light gray fill and a black border. Below it is a box labeled 'PyExampleVirt' with a white fill and a black border. A blue arrow points from the bottom of the 'PyExampleVirt' box to the bottom of the 'ExampleVirt' box, indicating that 'PyExampleVirt' inherits from 'ExampleVirt'.

PyExampleVirt
