

TestProperties

```
graph BT; A[TestPropertiesOverride] --> B[TestProperties];
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'TestProperties' with a light gray fill and a black border. Below it is a box labeled 'TestPropertiesOverride' with a white fill and a black border. A solid blue arrow points vertically from the bottom center of the 'TestPropertiesOverride' box to the bottom center of the 'TestProperties' box, indicating that 'TestPropertiesOverride' inherits from 'TestProperties'.
