

polymorphic_type_hook
_base< itype, SFINAE >

```
graph BT; A["polymorphic_type_hook< itype, SFINAE >"] --> B["polymorphic_type_hook_base< itype, SFINAE >"]
```

The diagram illustrates an inheritance relationship. A light gray box at the bottom represents the base class, and a white box at the top represents the derived class. A blue arrow points from the base class box to the derived class box, indicating that the derived class inherits from the base class.
